

**General Safety**

- Use only as directed for sealing and bonding applications.
- Do not ingest or inhale.
- Avoid contact with eyes and skin.
- Keep out of reach of children and pets.
- Use in a well-ventilated area.
- Wash hands thoroughly after handling.

**Use Restrictions**

- Do not apply below +5°C or above +35°C.
- Do not apply on uncured or freshly applied silicone sealants.
- Maximum movement accommodation: 25% of joint width.
- Minimum recommended joint depth: 6 mm.

**Allergy Warning**

- Contains Trimethoxyvinylsilane. May produce an allergic skin reaction.
- Individuals with known chemical sensitivities should avoid prolonged contact.

**Fire And Explosion Hazards**

- The product is not classified as flammable.
- Store away from direct heat sources and open flames as a precaution.
- In case of fire, refer to the SDS for appropriate extinguishing methods.

**Chemical Safety**

- Solvent-free, isocyanate-free, and low in volatile organic compounds (VOC).
- Does not emit hazardous fumes under normal use.
- Do not mix with other chemical products or sealants unless verified compatible.

**Personal Protective Equipment (PPE)**

Wear protective gloves to prevent skin contact.

Safety glasses are recommended, especially during overhead or confined-area application.

If working in poorly ventilated areas, wear suitable respiratory protection.

**Disposal Instructions**

- Dispose of empty cartridges and uncured product waste in accordance with local waste regulations.
- Do not release into drains, watercourses, or the environment.
- Do not incinerate packaging unless authorised.

**In Case Of Emergency**

- If swallowed: Rinse mouth. Do not induce vomiting. Seek medical advice immediately.
- If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do.
- If on skin: Wash with soap and water. Discontinue use if irritation develops.
- If inhaled: Move to fresh air and keep at rest. Seek medical help if symptoms persist.

For further information, refer to the product Safety Data Sheet (SDS).

**Storage**

- Store in original packaging in a dry place between 10°C and 25°C.
- Protect from freezing, moisture, and direct sunlight.
- Shelf life: 24 months from date of manufacture.
